PHYSICAL OR CHEMICAL HAZARDS

CONTENTS UNDER PRESSURE.

Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

DIRECTIONS FOR USE

TIME OUT FOR TERMITES is intended for use in and around residential and commercial structures and their immediate surroundings. Permitted areas of use include: apartments, atriums, attics, automobiles, basements, bathrooms, boats, cabins, campers, carports, clothes storage areas, condominiums, decks, dens, driveways, garages, gazebos, homes, kitchens, lanais, living rooms, parlors, patios, pet sleeping areas, sun rooms, utility rooms and verandas. This product may stain or adversely affect vinyl, painted, and plastic surfaces. Avoid application to asphalt shingles as staining may occur.

Before using in areas where spray may contact these surfaces, test in an inconspicuous area and recheck in a few hours. Do not allow children or pets to contact treated surfaces until dry.

FOR CRACK AND CREVICE TREATMENT: Apply insecticide directly into cracks and crevices or voids using the injection tube. Place injector tip one half (1/2) inch into cracks and crevices, holes and other small openings. Release approximately one-second spray per spot. For serious infestation, place spots approximately 12 inches apart. For light infestation or for preventative treatment, place spots approximately three feet apart. In long running cracks, move injector tip along the crack while spraying at the rate of three linear feet per second.

LIMITATION OF LIABILITY: Betterbilt makes no warranties of merchantability or of fitness for a particular purpose, nor any other express or implied warranty except as stated above. Buyer assumes all responsibility for safety and use not in accordance with label, directions and precautionary statements.

TIME OUT FOR TERMITES is designed to kill worker or winged reproductive forms of termites which may be present at time of treatment. Application of TIME OUT FOR TERMITES is not meant as a substitute for mechanical alterations, soil, or foundation treatment, but instead to supplement termite care and protection. This product is not recommended for use as sole protection against termites. For active termite infestations, obtain a professional inspection.

Betterbilt represents that this product is a Minimum Risk pest control product, and qualifies for exemption from EPA registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.
